

## Live Teleconference / Web Seminar on Vietnam: May 22, 2008

### *Hot Prospects for U.S. Information Communication Technology Firms in Vietnam*

**Date:** Thursday, May 22, 2008  
**Time:** 10:00 – 11:00 AM (Eastern Standard Time)

**\*Registration fee is \$35 per participant\***

The U.S. Department of Commerce Vietnam Team and U.S. Chamber of Commerce invite you to participate in a **briefing on the "Top Prospects for U.S. Information Communication Technology Firms"**. This **live teleconference / web seminar** will focus on export opportunities in Vietnam in the Electric Power sector. *Please see registration information below!*

#### **Why Vietnam?**

- **Vietnam is Asia's second fastest-growing economy** (behind China and ahead of third-place India) with projected rate of GDP growth reaching 9% in 2008.
- Vietnam's entry into the WTO in 2007 has opened the doors to foreign trade and investment while further privatizing and liberalizing its economy.
